REPRESENTATION

To which Main Modification number and/or supporting document of the Local Plan does your representation relate to?

MM no: 46

Supporting document reference:

Do you consider this Main Modification and/or supporting document of the Local Plan to be:

Legally compliant: No

Sound: No

If no, then which of the soundness test(s) does it fail? Justified, Consistent with national policy

Please give details of why you consider the Main Modification and/or supporting document is not legally compliant or is unsound. Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or compliance with the duty to co-operate, please also use this box to set out your comments.

The proposals to introduce CAZ around Epping Forest are unfair and impact those sections of society that can least afford to purchase an EV or pay the charge. The CAZ may not even reduce traffic through the SAC. The council's own APMS document states that what could be achieved is difficult to predict with sufficient certainty. This clearly fails the legal test that the measures must be effective beyond scientific doubt. The council should conduct a public consultation - an equalities impact assessment. No consultation has been done yet.

Please set out what change(s) you consider necessary to make the Main Modification and/or supporting document legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/Effective/Consistent with national policy) where this relates to soundness. You will need to say why this change will make the Submission Version of the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The proposal to include CAZ and road charging within Epping Forest area is unlawful and should be removed from the local plan.
