### REPRESENTATION

**To which Main Modification number and/or supporting document of the Local Plan does your representation relate to?**

MM no: 82

Supporting document reference:

**Do you consider this Main Modification and/or supporting document of the Local Plan to be:**

Legally compliant: No

Sound: No

If no, then which of the soundness test(s) does it fail? Justified

**Please give details of why you consider the Main Modification and/or supporting document is not legally compliant or is unsound. Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or compliance with the duty to co-operate, please also use this box to set out your comments.**

Even more sites have been elected to have for more building work. Waltham Abbey will be over populated without adequate facilities to support so many people. There is not reason to build a new community centre.

The community centre at Saxon Way supports the community and is fine where it is. Why waste money re building. This is just greed and profit for developers. There is no need for 53 more homes at Saxon Way or extra housing at Lea Valley Nursery.

**Please set out what change(s) you consider necessary to make the Main Modification and/or supporting document legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/Effective/Consistent with national policy) where this relates to soundness. You will need to say why this change will make the Submission Version of the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

Cancel building extra housing at Waltham Abbey that is not needed and not for local people. This is a project purely for profit.
