Letter or Email Response:

i am disappointed and shocked to find out that our beautiful green may be turned into tower blocks. i have four children who for many years, i used jessel green to take my children to the park or have picnic in summer. earlier this year our family hit some hard times, i was feeling depressed and was struggling to get up each day and stay positive. we decided to get a puppy as this would help me get out each day and bring some sun into our lives to take the dairy of our situation. i walk the dog over jessel green everyday, life is improving and i have made new friends while walking the dog. i do not support any plans to destroy our green, we do not have room in our schools, doctors surgery's or council housing how can it be justified
