Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 1:

Ongar is a small village which does not have the capacity to grow as propose. Yes of course we love ongar as it stands, however our dr surgery cannot cope with the amount of people in the village currently, roads are in need of repair, anti social behaviour is on the rise, nothing for the youth and you wish to close our only area for them, our sports centre.we have one secondary school which does not have the capacity for all the children currently living in ongar. At times it can take up to an hour to pass through the highest street, traffic is becoming a problem, how can we add more people/cars to this situation?

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 2:

If more houses are to be built, we would need an change in... Schools, shops, car parking, pot holes in the roads, pavement, keeping the lesiure centre and increase areas for young people, policing, a police station, transport to be reliable and more prominent, traffic solutions, Dr surgery built, pharmacy where you don't wait for 30 mins to get a prescription to name but a few

Please provide reasons for your view on Chipping Ongar:

All of the above comments As such a small town we already struggle with the weight of traffic, traffic jams, high street standing still when lorry etc go through and at key times, nowhere for our young people to go and you want to close our leisure centre which has just had to add more swimming lessons due to the weight of children. Local schools in the last 2 years now have waiting lists , are you building more schools? Only one secondary school which is totally oversubscribed and taking children from outside ongar?. A dr surgery that cannot cope with the current people living here. 2 pharmacy which need a wait time for 30 mins to get a prescription as they are so busy. No consistent transport. Parking is expensive and minimal. Antisocial behaviour increasing , burglaries increasing and no policing or police station. Retained firefighters running our fire station, a house practically burnt down a month ago, took 20 mins for anyone to attend. How can a small village cope with your proposal. So many of my questions were not answered at the discussion meeting at Budworth hall, I feel your proposal is not well thought out, not considered the impact on ongar, or actually gathered options of locals. So many people still unaware of what is actually happening

7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Strongly disagree

Please explain your choice in Question 7:

See previous comment Impact is massive, not considered sufficiently

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.

It will be interesting to see the feedback from this appraisal and to see the areas of focus

9. Do you wish to comment on any other policies in the Draft Local Plan?

The whole plan for ongarr Not realistic for the size of our village Change is clearly going to happen if we like it or not, however people driving this need to listen to the very real and very large concerns of local people, we have to live here, we have to get this right for our children growing up here
