This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: [ldfconsult@eppingforestdc.gov.uk](mailto:ldfconsult@eppingforestdc.gov.uk)

### Letter or Email Response:

My family have resided in Loughton for over 50 years and have seen many changes to the area, over the years I have raised two children who both have settled in Loughton married and now have children of their own We have always used the local green fields and play areas and consider them to be a vital asset to the community. The schools in the area are overcrowded and it is becoming very difficult to obtain placement for the children of Loughton and Debden within these schools. The traffic congestion in the area is now at a serious level whereby it can take over 45 minutes to exit the M11 into Loughton and Debden In conclusion the council draft plans will take away our recreational areas, overburden our schools, cause even worse traffic congestion and reduce parking facilities for our local shops I urge you to think again
