to whom it may concern re: building on jessel green and other green spaces (loughton) i am person so distressed and upset and amazed that potential building proposals are being discussed. i do not live in the area, but my daughter and granddaughter do. we have always been so grateful that the beautiful jessel green is so near. it is such a safe open space and perfect for families and perfect for children. we all use it so much and it would be the ruin of the area. please listen to all the local people you cannot build on these precious green spaces
