

I have just completed my 6 comments on the Local Plan on the online forms but when I went to submit, a message appeared saying I was timed out. I saved the document but there is no instruction on how to retrieve it. It said I could insert my email address and a link would be sent, which I did, but the link has not appeared.

I now have to go out for the afternoon so I am attaching my comments to this email as my submission to the Local Plan. Can you please confirm they are accepted in view of the circumstances. I do want to be kept informed on the progress of the Plan but do not wish to speak.

Thank you
