We live in the Marden Ash area and are 100% against the homes being built in that area!  
The Access, amenities, transport etc cannot cope with this amount of housing on a small plot of land.  
I moved to Marden Ash for the open space etc. and now it is being taken away by developers for gain!  
We were never consulted about this plan and residents should have been it was never part of the 2017 EFDC Local Plan.
