Letter or Email Response:

I filled in the questionnaire online regarding future housing developments in Epping Forest District Council area, but I just wanted to add something extra regarding the proposal of housing at Limes Farm, I have been doing some research into Council Estates and it appears that people who live on these Estate are usually people with a low or lower income and it is extremely important that they have access to green space for there families and children. It can affect not only your health but also the quality of your life if open areas are taken away, this particular part of Limes Farm Estate is used by lots of local residents and needs to be kept as it is for our use. I am sure that EFDC can find an alternative area to put more housing on if they tried.
