Hello PeterRedacted.....,

It was good to meet you both earlier this afternoon, despite being rushed off our feet with guests.

I have reviewed the 'call for sites' application, and this email is confirm that you have our acquiescence to promote sites 1 and 2 for assessment on their suitability and deliverability for prospective development, as a merged scheme.

When writing to EFDC, can you inform them of my contact details, so that meRedacted..... are kept informed during the next stage of consultation.

Speak soon.

Joe O'Donovan MSc ICIOB

Subject: Epping Forest Local Plan

Hi JoeRedacted.....,

It was good to meet you for the first time this afternoon, and to be able to see our garden from the other side of the fence!

It was also interesting to hear your thoughts for your house and garden – we also carried out a side and rear extension to our house.

For the possible futures for our gardens, attached are the following:

- Our letter and attachment in response to Epping Forest council's call for sites in December 2016
- Our response to the Epping Forest District Council follow up on-line survey which we submitted on Friday 7 July 2017, the deadline for responses.

Can you confirm whether you would like your garden to be included in the possible site to the Council? If so, I am happy to email the EFDC planning policy team to amend our response to the question about collaboration with adjoining landowners, to say that we have now met and to confirm that you would also like to put your garden forward as part of the site. Given last Friday's deadline, do let me know your thoughts over the next day or so if you can.

Best wishes,

Peter and Wendy Ranken
