Letter or Email Response:

I am writing to you today about concerns about building on Jessel Green. One of the reasons we moved here was all the green space. I work all week and of a weekend my grandchildren and I like to walk on the green and spend quality family time having picnics and walking across the green, and generally having fun, also fun days where it enables all the community to get together are spent on the green. My Grandchildren love it when it snows so they can go sledging, where else can they do things like that? We need the green space, just seeing it makes people happy
