This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

Proposed Housing Development South of Brook Road and Ivy Chimneys Road: I wish to object to this ludicrous and completely inappropriate proposal for the following reasons. 1. . The roads cannot cope with the volume of traffic using Brook Road and Ivy Chimneys Road. Every day these roads are gridlocked with motorists using foul language and threatening behaviour while school children are walking past. 2. The above two roads plus Crossing Road, Allnutts Road, Charles Street and probably every residential road within a half mile radius of Epping Station are being used by commuters as car parks, with many residents unable to park close to their own houses, or even use their own drives. 3. There are not enough school places or doctors to serve the existing population. The schools are full, the GP surgeries are packed to bursting, we have one fire engine, no police station to speak of and we have no accident and emergency service. 4. Pollution will increase due to the green belt being stolen for political reasons. It would be refreshing to think that one day EFDC would act in the best interests of Epping residents rather than destroy their quality of life. If these insane proposals go ahead Epping will no longer be a desirable location in which to live.
