

HiRedacted....

Please find attached completed forms in respect of the above.

I am sending these in response to the recent 'call for sites'. I hope I am still in time.

I believe that although both sites lie in the green belt they can be identified as 'previously developed' and could be developed for residential use as an exception to normal policies under paragraph 89 of the NPPF.

Given the sensitivity of the Authority's position on development of this nature within the Park it is important that this matter remains **confidential** as long as possible.

I would welcome meeting with you to discuss any issues and I accept that these would become 'public' if they are identified on the site allocations DPD.

Please can you send me any dates when a meeting could be arranged.

Best wishes
