### Letter or Email Response:

Please note my objection to the proposed development of Jessel Green The development will have a detrimental visual impact on the area as not in keeping with existing buildings A major impact on loss of an amenity (a well-used green for local inhabitants) A need to avoid town cramming An increase in traffic the roads being exceptionally busy in the mornings and afternoons for school pick-ups and drop offs with 5 local schools in this area Schools already at their max intake An increase of danger to pedestrians A further burden on local NHS with already a 2-3 week waiting to make an appointment
