This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

No building on Loughton's public open spaces. Particularly, Jessel Green which is a much needed open space in our urban environment. There is not enough infrastructure delivery as the District Council cannot control the increase in roads, schools, doctor surgeries. The present system is bursting at the seams at the present time. The capacity of the Central Line to accommodate more passengers - especially if increased building goes ahead further back to Epping. Hands off our Green Spaces. We need them. This is what makes Loughton the green and leafy town it is. We do not need any more high rise buildings as those being built in Debden. Enough! Please consider the idea of a garden village which I understand has been suggested.
