Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 1:

We realise that this has nothing to do with the needs of Epping Forest, this arises due to pressure from central government to provide homes for London's growing population. Most of those homes will be taken by commuters

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 2:

There is no case for building on greenbelt land. The greenbelt is there to prevent this type of overdevelopment

3. Do you agree with the proposals for development around Harlow?

Agree

Please explain your choice in Question 3:

It sounds good, but I doubt that the local authority will be able to provide all the facilities, infrastructure, transport etc that is required on time

Strongly disagree

Please explain your choice in Question 7:

the present policies have failed to provide the necessary gps and Infrastructure for the present population. The state of road and pavements in parts of Epping Forest are downright dangerous, and have you tried to make a doctors appointment lately. Words like 'vision' and 'objectives' sound good on paper, but delivery is more important

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.
