This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

As you may be aware we have very little green space in these areas, and what we do have is very important to the lives of people who live here, we have to walk regularly for health reasons, and if we did not have these areas it just means walking the streets, because we do not even have any parks in our area, these spaces are vital for so many reasons, there are plenty of other reasons, like we do not have in place enough schools and doctors for this amount of housing. It seems you are trying to make the area so much like London, soon we will have no green space at all. You do have other places you could use such as Clinton cards site, and other parts of Longston Road, maybe it would make sense to consider the people who already live in this area, and give us some thought. Also if the traffic gets much worse no one will be able to go anywhere, so more cars with more houses isn't healthy for where we live. Hope you take time to make the right decision on this, as if not you will destroy a lovely place where people enjoy living.
