To Epping Forest Council

I am deeply saddened to have to write this letter. My home has been my dream home for the past 16 years. I had to move my family to Epping due to the poor pollution in Wanstead. My daughter used to suffer from being asthmatic, so we moved to Epping and chose a location that was semi-rural. In hope that my daughter's condition would mend. Miraculously her condition turned for the better, and she no longer suffered to take a breath. PLEASE DON'T POLLUTE OUR AIR.

My lucky family have had and hopefully continue to have a fantastic country life ie. they get to sledge down these beautiful fields, as do the neighbouring children. They can ride bikes freely and safely around these fields, as do the neighbouring children. My daughter and her stable friends get to ride their horses safely and freely around these fields. PLEASE DON'T TAKE THIS AWAY FROM OUR

When you live around this area you can see already the amount of congestion that is increasingly making Epping worse. It is taking away our lovely village vibe by having the constant traffic. This development is going to create so much more pollution. PLEASE DON'T POLLUTE OUR AIR!

When we use the Epping Central, here we always struggle to park! Why make matters ten times worse! PLEASE DON'T CONGEST OUR EPPING!

Green Belt - It is so sad that this development will be taking the homes of all the wildlife in this area. In replace you are building more homes to help pollute the area. PLEASE DON'T TAKE THE DEERS, DUCKS, BATS, BADGERS, FOXES, RABBITS, OWLS, PHEASANTS HOMES!

THEY DON'T POLLUTE OUR AIR. If you choose to go ahead with this development and pollute us. Our health and our children's health will suffer! Do you have enough facilities in Epping to cope with so many more patients. I struggle to get an appointment at my GP centre as it is.

Epping St Johns school already has its maximum capacity. The amazing teachers already struggle with such an amount of students! PLEASE DON'T OVERCROWD OUR SCHOOL!

Epping already suffers with ^{lack of} facilities for our teenagers. You want to take a football pitch that these children use. So not only are you taking away sporting areas ~~away~~ from the teenagers. You want to add an estimated 1500 more children teenagers to the area.

PLEASE SAY NO TO THIS DEVELOPMENT.
