Our open spaces are very precious and should not be built on. The proposed plans for building on the existing car parks will be a recipe for chaos. 7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Strongly disagree

Please explain your choice in Question 7:

There are no concrete proposals. The infrastructure is already at breaking point. The Central Line is massively overcrowded already and there is just no capacity for more passengers. The roads in places are already jammed with commuter parking.

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.
