This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

Jessel Green - We moved to Loughton from Leyton because of the over intensification in Leyton - absolutely crowded with more and more homes being constructed and no green spaces. It turned out to be the best thing that we did as in 2014 myself and my neighbour **...redacted...** were both diagnosed with Bowel Cancer. Jessel Green was our lifesaver - literally. whilst we having the awful treatment of Chemo on the days we felt well enough we would go for a walk over the Green - this was/is the one time we both felt relaxed and breathing the fresh air and being able to walk around gave us the confidence to go on with our treatment. I am happy to say we are both in remission and Jessel Green has a lot to do with us feeling well. Loughton just does not have the infrastructure to deal with the amount of people you are proposing to bring into the area ie. schools, doctors, Central Line - which is full to capacity, traffic, pollution and noise. Our Green and open spaces are vital for our well being and to help combat obesity, a recognised burden on the health service. PLEASE DO NOT TAKE OUR GREEN AND OPEN SPACES and squeeze more and more housing into our already crowded town.
