Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 1:

Properties are being built in every conceivable bit of space available. The council is already building irresponsibly, by agreeing plans that clearly don't have enough thought behind them - car parking spaces for examples are just not thought about, and now its digging up green areas to make way for lots of car spaces which should have been considered at the point of the original planning permission. My driveway is often blocked by people using the tube not from around the area because they can park for free whilst there is no room for the local people. Debden has a lot of green areas and these plans look set out to destroy the green areas in favour of cramming in too many flats. Theres also an issue with the already overcrowded tube, which is just going to get worse.

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 2:

We should not be considering green belt land. I do not agree with the green areas around Debden which some flats are planned for. I'd prefer to see these moved out of town (Harlow).

3. Do you agree with the proposals for development around Harlow?

Please explain your choice in Question 3:
