Epping (Draft Policy P 1):

**No opinion**

Please provide reasons for your view on Epping:

Loughton (Draft Policy P 2)

**No**

Please provide reasons for your view on Loughton:

The proposals to build houses within the town centre and loughton underground car park and loughton library and adjacent car park would reduce parking spaces for visitors and increase congestion and parking in the local streets. Parking is already a massive problem in the streets local to the town centre and this would further intensify with the loss of two key parking areas (loughton underground and library car park). I would rather see housing development on the outskirts of loughton town where there is more space to expand, and

preserving and promoting growth in the town centre by providing more parking spaces for visitors/shoppers instead of reducing/substituting parking spaces for new houses.

Waltham Abbey (Draft Policy P 3)

**No opinion**

Please provide reasons for your view on Waltham Abbey:

7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Disagree

Please explain your choice in Question 7:

I don't believe there is enough provision for expanding medical facilities and hospitals local to Loughton. Whipps cross and Harlow hospitals are both overcrowded and understaffed.
