7. Do you agree with the approach to infrastructure provision being proposed in the plan?

**Strongly disagree**

Please explain your choice in Question 7:

Nothing in place for any infrastructures !!! Vague and confusing at best. Traffic coupled with air pollution !!! Medical facilities ( Limes Medical Centre ) is struggling now and dread to think of waiting times. And crucially for me it's playing fields and sport centres with nothing in place as activity is the key to set young people and the older generation for quality of life.

9. Do you wish to comment on any other policies in the Draft Local Plan?

Personally feel very disappointed by these proposed plans for the future of my town and for future generations moving forward. Also our elect council I feel have let us down very badly.
