Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 1:

The reason people are unable to buy their own homes is due to the buy-to-let market driving up prices. Most of these new homes will be purchased by buy-to-let investors. Building more and more home doesn't help; it just reduces the quality of life of existing residents. We live in these areas for the green spaces and lower density housing than in London.

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Disagree

Please explain your choice in Question 2:

In-filling of every available space is urbanisation of the suburbs.

Loughton (Draft Policy P 2)

No

Please provide reasons for your view on Loughton:

When here are sites like Langston Road, why hasn't this been planned better? This could have housed a new Refuse and Recycling centre in place of Luxborough Lane. I don't agree with building on carparks. The local shops and businesses need local parking. Why is there a head-in-the-sand approach to parking? The proposals imply though there isn't a need for any of these car parks so they can be sacrificed. As it is, the roads are grid-locked at busy times. No one appears to have considered the extra pressure on local roads
