### REPRESENTATION

**To which Main Modification number and/or supporting document of the Local Plan does your representation relate to?**

MM no: 21

Supporting document reference: F. Epping Forest District Council Green Infrastructure Strategy (ED124A-G/ EB159A-G)

**Do you consider this Main Modification and/or supporting document of the Local Plan to be:**

Legally compliant: Yes

Sound: No

If no, then which of the soundness test(s) does it fail? Positively prepared, Effective, Justified, Consistent with national policy

**Please give details of why you consider the Main Modification and/or supporting document is not legally compliant or is unsound. Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or compliance with the duty to co-operate, please also use this box to set out your comments.**

None

**Please set out what change(s) you consider necessary to make the Main Modification and/or supporting document legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/Effective/Consistent with national policy) where this relates to soundness. You will need to say why this change will make the Submission Version of the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

I am writing to object strongly to the Change of Green Belt status and use for housing of the land shown in the documents SP4.3/SP5.3.

The Green Belt was created to protect the erosion of our countryside and should be sacrosanct. Instead we see continued forays and incursions and loss of land to property developers. This is illegal.

Why are our councils not leaping to defence of the Green Belt and also protecting local residents? Instead, they are encouraging the destruction.

We have had to endure years of this.

Our countryside is being destroyed. Nasty, cheap housing estates are being thrown up all over our local area. We do not want or need these, we have been over-developed and more and more is being added.

Wildlife and natural habitats are being adversely affected.

Historic villages and hamlets are being consumed, our heritage is being lost.

Our local infrastructures cannot cope and not enough is being added to cope with extra numbers of people coming into the area.

It is time for those representatives who are supposed to be supporting us to actually start listening and act positively to stop the continued destruction of our local environment and actually try to preserve what we have so that future generations may enjoy what is left!
